

THE GAZETTE.

PUBLISHED EVERY THURSDAY BY
J. C. HABERMACHER.

SUBSCRIPTION RATES:

One year, postpaid: . . . \$1.00

Entered at the Shiner, Texas
Post office as second-class mail
matter.

THE cry now is, "too much
rain for cotton."

THE Texas Press Association
selected Stamford, Jones county,
as the next place of meeting.

TOM BARNETT, a cattleman,
was shot to death in the jail at
Abilene by a masked mob for the
murder of Alex. Sears.

THE U. S. recruiting offices
have all been abandoned in Texas.
Texas is too prosperous for any
of her citizens to join the army
in a time of peace.

A BIG strike is on among the
firemen of the Georgia railroads
and a race war is imminent on
account of the railroads employ-
ing negroes as firemen.

AN inventory is being made of
the Waters-Pierce oil company
property in Texas, which is to
be sold to the highest bidder.
Mr. Pierce will, of course, be the
highest bidder.

HOUSTON is after the next
meeting of the Confederate re-
union and are preparing an
elaborate campaign for the cap-
ture of same and Houston gen-
erally gets what it goes after.

THE Texas Press Association
had a regular jubilee at Marlin
last week. A banquet was ten-
dered them at which they ate
fish and drank butter-milk. At
least some of them drank butter-
milk, but not all.

THE governor has issued a
proclamation giving his reasons
for cutting out about two and
one quarter millions out of the
appropriation bill. He does not
want the Waters-Pierce fine to
be used for cancelling the state's
bonded indebtedness.

NORTH Texas and Oklahoma
seem to be getting more than
their share of storms and
cyclones. Scarcely a day passes
but we hear of one somewhere
in those sections. Thirty-two peo-
ple were killed near Brownwood
and thirteen in Oklahoma a few
days ago.

THERE have been cloud bursts
in Central, West and Southwest
Texas. The rain was so heavy
between Gregory and Taft, that
the whole country was covered
with several inches of water.
Several bridges were washed
away and all trains on the Sap
were tied up.

O. B. COLQUITT has announced
as a candidate for the governor's
office in 1910. Wm. Poindexter
has also announced. Both are
good men. Colquitt is an anti
and Poindexter a prohibitionist.
There are several more to be
heard from, but we believe the
man who beats Colquitt will be
the next governor.

THE report comes from Eagle
Lake that Lieutenant-Governor
Davidson will oppose George F.
Burgess for congress. It is
suggested in this report that
Davidson opposed Senator
Bailey, while Burgess remained
quiet. This is untrue. Burgess
was the only Texas congressman
who did not remain quiet, but

came out openly in the support
of Senator Bailey. The balance
of them were waiting to see
which way the cat would jump.
George Burgess is a staunch
friend of Joe Bailey, and he
doesn't care who knows it.

JAIL breakings and lynching
of prisoners by mobs have be-
come so frequent of late that
jail guards are to receive a
marked increase in salary.

HARRIMAN, the railroad king,
says the panic of 1907 was not at
all necessary. Perhaps not among
the money lords.

Dryer's Doings No. 1.

May 30—What about all this rain?
Hope it will soon quit. Fair weather is
what we need, otherwise the grass will
get advantage of the cotton crop.

Mrs. Stehr and daughter of near
Yonkum were the guests of the family
of Ben Schumacher today.

Misses Brookair Moore and Nellie
Neighbors left today for San Marcos,
where they will attend the summer
normal.

Miss Nolia Neighbors is visiting
friends in Gonzales at present.

W. S. Moore left today for Austin on
a visit to friends.

Mrs. F. Rendar left today for her
home in Cameron after a pleasant visit
to her daughter, Mrs. P. G. Gerdes.

Richard Boyesen of Chepide was
mingling with friends here Sunday.

Frank Klotz, Jr., was in Shiner last
Thursday transacting business.

Julius Krause returned Saturday
from Kansas and other points, where
he had been visiting relatives and
friends.

Several from here attended court at
Dilworth Friday.

Will ring off for this time.

BLONDE.

Lone Tree News.

The writer has lately not fa-
vored the Gazette with regular
letters. This inactivity on my
part was not due to carelessness
or lack of interest, but chiefly to
a lack of time. In our community
it is at times a difficult matter to
get really worthy news for publi-
cation, but it is an easy matter
to fill a column with riddles, co-
nundrums and jokes, as some of
the correspondents do in some
other papers.

Last Tuesday morning at the
home of the bride's parents, Mr.
and Mrs. Konecny, Miss Mary
Konecny, became the wife of Mr.
Charles Macha of Shiner. As
the bride and groom came before
Rev. Father Hudecek, who per-
formed the marriage, at 9 o'clock
at the Catholic church. Mr. and
Mrs. Macha took passage on the
Tuesday evening train for Bay-
lor county, where they will re-
main a few days, thence return
to Shiner, where a nicely fur-
nished home awaits them.

An ice cream supper was held
at the home of Mr. and Mrs.
Meinke last Saturday night.
Music was furnished by Master
Addie Konecny and Aaron Moes-
meyer. It was enjoyed by all.

Miss Annie Peter was on the
sick list lately, but she is conva-
lescent at this report.

R. Poth, F. F. Konecny and
John Peter have repainted Lone
Tree school, which adds much to
its looks.

Oswald Granz was visiting in
Hochheim Sunday.

Miss Hermina Peter of this
place spent Sunday with the
Misses Onhizer.

Joe Mikulik celebrated his
birthday last Saturday. He
threw open the doors of his
pretty and cozy little home to a
number of his friends, and the
guests were most pleasantly en-
tertained. We wish to see Joe
have many more such days.

Ad. Hagen attended the meet-
ing at Hochheim Sunday last.

Frank Konecny, Jr., of Shiner
spent last week with his home
folks.

The rain of yesterday was
light, but small favors are ac-
ceptable. BLOOMING PRAIRIE.

office.

What Is the Sharples Tubular Separator?

1. The Tubular skims closer,
under all conditions, than any
"bucket bowl" machine.

2. The Tubular produces a
perfectly smooth frothless cream
of any desired density—an im-
possibility with any other bowl
construction.

3. The Tubular cream thus
obtained will yield more butter
from the same amount of milk
than it is possible to secure by
other machines.

4. The Tubular runs at full capacity with two-thirds,
for less, of the power required for any "bucket bowl"
machine.

5. The Tubular has the most convenient, safe, dur-
able, and desirable arrangement of running parts.

6. The Tubular low supply tank avoids top-heaviness.
No ladder or chair necessary in filling The Tubular sup-
ply tank. The milk in the supply can is always in sight.

7. The Tubular is absolutely safe from accidents
caused by exposed gears or by top-heavy bowls, filled with
loose parts.

8. The Tubular three-piece bowl can be thoroughly washed in
one to three minutes, one-tenth the time needed to clean the com-
plex "bucket bowls."

9. The Tubular uses less oil—requires fewer repairs—than any
other separator made. Easier oiled than others.

10. We guarantee that The Tubular will get enough more
cream under like conditions than any other machine, to pay at
least 10 per cent. interest on its entire cost. For sale by—

"TEXAS BEER FOR TEXAS PEOPLE"

The growth of a life time of Brewing
experience is exemplified in that peer-
less product—

ALAMO

BOTTLED BEER

It is the real merit—the genuine value
that is responsible for the unprecedented
demand. It has won honestly its pop-
ularity. It is not a chance that made
the "Alamo" the best beer.

**THE FAMOUS
SAN ANTONIO BEER**

Talk is cheap, but you cannot controvert
facts!

Beer is subject to climatical conditions.
No more favorable climate is known any-
where for the production of a pure, non-
bacterial beverage than ours! You cannot
make a good beer from impure water in
an unhealthy climate.

Do not be misled by the cry of competi-
tors. Our new

"TEXAS PRIDE"

challenges comparison with the world!
There is nothing superior. Try it and be
convinced!
